L.C. Qn 136*. Re. free distribution of quinine in Karikal taluk - S. Kamara Rt.

It is not known whether the starred question has been admitted or not The following (Since admitted) remarks however are called for. -

Clause (a) of the question

No information is available as to the amount of quinine supplied to the villages of Nirpa and Kala in the Karikal taluk. Karikal taluk is one of the ten taluks selected for the free distribution of quinine in the specially malarial tracts with Prog. In the report of the Special Malaria Officer recently received, about the working of the scheme it is stated that as much as 5 20 lbs of quinine has been consumed upto 31-3-37 in the two talukes of Puttur and Karikal out of the total of 11,20 lbs issued by his office. He adds that the scheme has been successfully worked in these two areas.

G.O. 1059 P.H 16-5-28

Clause (b) (c). (d). The village officers are is one of the agencies for the distribution of quinine

3.

It is not known whether the Potail of Kala has asked for more supply etc. ~~No action~~ may be taken ~~regarding~~

3/. The L.S.H may be requested to furnish the information required to answer the question

The following answers to Legislative Council Question No.136 are suggested:--

(a) Till February 1929, the Medical Officer and Tahsildar of Karkal were distributing quinine in Durga and Mala amongst other villages. Later, on receipt of Government Orders permitting the distribution of quinine through village panchayat presidents and Board School masters, quinine was supplied to the Board School Masters of Durga and Mala, in consultation with the President, Taluk Board, Karkal.

Upto 31-5-29 the Medical Officer, the Tahsildar and the President, Taluk Board, Karkal have actually distributed 1,400, 2,500 and 2,500 packets of quinine respectively. 6,400

(A packet contains 20 tablets of 5 grains of quinine).

(b) The Patel of Mala has not been entrusted with the distribution of quinine. In consultation with the President, Taluk Board, Karkal, the Board School Master, Mala has been supplied with quinine for distribution in the village. To avoid overlapping and consequent misuse of the costly drug, quinine was not also supplied to the Patel of Mala.

(c) and (d). The questions do not arise.
